

Lock-Right Part #MSD (1000-754) Dana 2309, 2310, 2311 and 2312

Welcome to the growing family of LOCK-RIGHT owners! Your new LOCK-RIGHT will give your vehicle *extreme* performance and we trust that you will be pleased with your purchase.

Included in your LOCK-RIGHT kit are two discs. These discs are to be used with non-C-Clip type axles only. If your vehicle has C-Clips, you do not need to install these discs. However, please make sure that the spacers are installed in your unit. the spacers are required in both C-Clip and non-C-Clip type axles, and must be installed for the unit to function correctly.
